## Instructions for Licensed Physician / Physician Assistant / Nurse Practitioner

The U. S. Coast Guard requires a physical examination / certification be completed to ensure that all holders of Licenses and Merchant Mariner Documents are physically fit and free of debilitating illness and injury. Physicians completing the examination should ensure that mariners:

- Are of sound health.
- Have no physical limitations that would hinder or prevent performance of duties.
- Are physically and mentally able to stay alert for 4 to 6-hour shifts.
- Are free from any medical conditions that pose a risk of sudden incapacitation, which would affect operating, or working on vessels.

**Below is a partial list of physical demands for performing the duties of a merchant mariner in most segments of the maritime industry:**

- Working in cramped spaces on rolling vessels.
  - Maintaining balance on a moving deck.
  - Rapidly donning an exposure suit.
  - Stepping over doorsills of 24 inches in height.
  - Opening and closing watertight doors that may weigh up to 56 pounds.
  - Pulling heavy objects, up to 50 lbs. in weight, distances of up to 400 feet.
  - Climbing steep stairs or vertical ladders without assistance.
  - Participating in firefighting and lifesaving efforts, including wearing a self-contained breathing apparatus (SCBA), and lifting/controlling fully charged fire hoses.
1. Detailed guidelines on potentially disqualifying medical conditions are contained in Navigation and Vessel Inspection Circular (NVIC) 02-98. Physicians should be familiar with the guidelines contained within this document. NVIC 02-98 may be obtained from [www.uscg.mil/hq/g-m/index](http://www.uscg.mil/hq/g-m/index) or by calling the nearest USCG Regional Examination Center.
  2. Examples of physical impairment or medical conditions that could lead to disqualification include impaired vision, color vision or hearing; poorly controlled diabetes; multiple or recent myocardial infarctions; psychiatric disorders; and convulsive disorders. In short, any condition that poses an inordinate risk of sudden incapacitation or debilitating complication, and any condition requiring medication that impairs judgment or reaction time are potentially disqualifying and will require a detailed evaluation.
  3. Engineer Officer, Radio Officer, Offshore Installation Manager, Barge Supervisor, Ballast Control Operator, QMED and Tankerman applicants need only to have the ability to distinguish the colors **red, green, blue** and **yellow**. The physician should indicate in Section IV the method used to determine the applicant's ability to distinguish these colors.
